JANE'S TIMELY GARDENING TIPS

Hi there, I'm Jane the gardening person. I've been in the gardening arena for many years, on TV, radio, writing in magazines and taking garden tours. The big thing I love is plants of all shapes and sizes, edibles, indoor, fruiting, ornamentals... they are all so fascinating. They keep me involved, because without them, where would our world be?

Every so often I will give you my impression of some plants that my friend Di has in her catalogue. Enjoy.

- Jane Edmanson

WHAT'S HOT THIS MONTH...

***Salvia involucrata* 'Bethelii':**

I cut back this perennial salvia growing by my front gate in August as it had finished flowering. I must give it a pat on the back – it flowers for such a long time, months and months that I am loath to prune it. But it must be done, and then there are bits for propagating. The local honey eaters love jiggling up and down on the long arching branches. It will grow tall, over 1.5 metres high so put it at the back of a garden bed and enjoy the lovely sprays of deep pink “bubble” shaped flowers.
