JANE'S TIMELY GARDENING TIPS

Hi there, I'm Jane the gardening person. I've been in the gardening arena for many years, on TV, radio, writing in magazines and taking garden tours. The big thing I love is plants of all shapes and sizes, edibles, indoor, fruiting, ornamentals... they are all so fascinating. They keep me involved, because without them, where would our world be?

Every so often I will give you my impression of some plants that my friend Di has in her catalogue. Enjoy.

- Jane Edmanson

SHADE PLANT – FATSIA

Fatsia japonica (syn. Aralia japonica) from Japan. Fatsia is an excellent choice for a shady spot in your garden.

Fatsia is another plant that waned in popularity over last decade or so. It really warrants a position in the shady urban garden, which is probably why it is arousing interest in the new generation of gardeners. It has large, round, deeply lobed, glossy dark-green leaves and clusters of tiny white flowers in autumn, followed by black berries. It also has a place indoors and is often grown as a house or patio plant. Fatsia makes a bold statement in a shady garden where, although it is capable of getting quite tall, it can be pruned down to keep it bushy.

Di has Fatsia 'Spider Web' available at the moment which is a white and green form and adds a touch of elegance to a dark shady area or indoor garden.

Dis Delightful Plants ordering details, terms & conditions

Our goal is to provide you with relevant and useful information to assist you in the selection and purchase of our products. We include flower colour and season, type of plant, size guide and preferred growing conditions. However, if you still feel uncertain whether a plant is suitable for your location or requirements please contact us or conduct further research online.

We guarantee our plants to arrive at your door in premium, ready-to-plant condition. If they're not, we offer a money-back guarantee if you contact us within 48 hours.

When your plants arrive we recommend soaking them in a seaweed solution such as Seasol to help them recover from any stress incurred during transport. (Apply at packaging recommended rates.)

All orders are to be paid in full prior to dispatch.

Unless otherwise stated, we have a minimum order of ten plants. This can comprise of any assortment of sizes and

varieties from our current stock list. If the unexpected unavailability of one or more ordered varieties results in your order falling below the minimum required order value we will contact you to authorise a substitute.

If contact cannot be made and less than 15% of your order is affected we will select the most suitable substitute. If it is over 15% we will hold off sending the order until contact can be made.

We hope you enjoy browsing through our huge variety of plants.

We welcome feedback on how we can improve; please email di@disdelights.com.au.
