JANE'S TIMELY GARDENING TIPS

Hi there, I'm Jane the gardening person. I've been in the gardening arena for many years, on TV, radio, writing in magazines and taking garden tours. The big thing I love is plants of all shapes and sizes, edibles, indoor, fruiting, ornamentals... they are all so fascinating. They keep me involved, because without them, where would our world be?

Every so often I will give you my impression of some plants that my friend Di has in her catalogue. Enjoy.

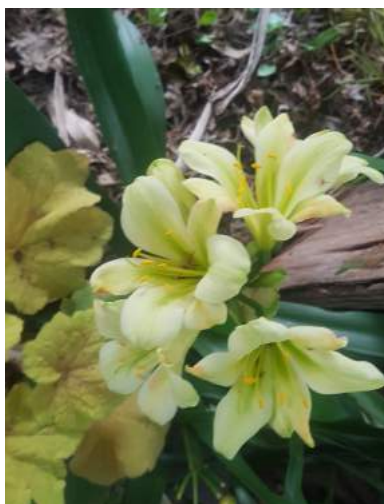

- Jane Edmanson

IT IS SPRING AND THE CLIVIA ARE IN FULL BLOOM

It's hard to go past them when they are in full flower, set against its deep green foliage, a great contrast. Just as winter moves into spring they burst into flower in amazing colours; red, orange, yellow, tangerine and cream. I have one that is a very eye catching cream with a green stripe. These days many combinations are being bred. There are collectors all over the world breeding for different leaf forms, taller and shorter flowers and of course new colours. Ten or so years ago, after some focused breeding in Japan by Toshio Koike, a series of green hybrids were released. The flowers were stunning green and called Hirao hybrids. Di's Delightful Plants obtained a large collection of seed from some of the early hybrids and now selling some delightful 4 year old cream and green plants.

Clivias are tough, clumping perennials and they love a shady spot, can grow easily in a well drained pot or in the ground. They will provide real pleasure in early spring.
