JANE'S TIMELY GARDENING TIPS

Hi there, I'm Jane the gardening person. I've been in the gardening arena for many years, on TV, radio, writing in magazines and taking garden tours. The big thing I love is plants of all shapes and sizes, edibles, indoor, fruiting, ornamentals... they are all so fascinating. They keep me involved, because without them, where would our world be?

Every so often I will give you my impression of some plants that my friend Di has in her catalogue. Enjoy.

- Jane Edmanson

AQUILEGIAS - GRANNY'S BONNETS - COLUMBINES

Aquilegias, columbines, Granny's Bonnets - different names, all the same flower.

As a child, I knew them as Granny's Bonnets, their old world name, as they grew in my gran's garden. Since those long ago days, I've grown them in plenty of cottage style gardens. I love them for their fanciful flower shapes with curved "spurs" at the back of the petals and elegant blue green leaves.

There are many flower colours, from blue (sky and deep mauve blue), reddish, purple near black, pure white, cream and yellow. Mainly woodland plants as they grow well under deciduous trees but do well in most soils especially if kept moist in dry summers. Being perennials, you can dig them up and divide every few years when their clumps get large.

Watch out for more varieties coming on later in the year available from Di's Delightful Plants.
